

WEST LRT UPDATE

The City of Calgary's West LRT status report

February 2010

Design-Build Update

- On Monday, Feb. 16, the design-builder is fencing off the staging and lay down area at Westbrook station and will begin mobilizing equipment to this area. Beginning on this day, Ernest Manning High School administration parking is only permitted in the two designated areas within the Westbrook Mall parking lot. There is no visitor parking available.
- Some West LRT construction will begin in late February. Once construction begins, the speed limit within all construction zones will be **50km/h**. Please drive safely and accommodate for the delay.

Sunalta Station Area

- All property removals are complete.
- Work continues on preparing the construction zone.

Westbrook Station Area

- One commercial building removal will occur in February/March.
- On Monday, Feb. 16, the design-builder is fencing off the staging and lay down area at Westbrook station and will begin mobilizing equipment to this area. Beginning on this day, Ernest Manning High School administration parking is only permitted in the two designated areas within the Westbrook Mall parking lot. There is no visitor parking available.

Looking down at the future construction zone for the elevated guideway, north of 10th Avenue S.W.

45 Street Station Area

- 38th Street access at 17th Avenue S.W. is **temporarily** closing for four months to accommodate LRT tunnel construction on March 1.
- 39th Street access at 17th Avenue S.W. is **permanently** closing to accommodate the future underground LRT trench alignment on March 1.
- Removal of the commercial building on the corner of 45th Street and 17th Avenue S.W. will occur in February.
- The City will relocate the Calgary Police sign in February.

Sirocco Station Area

- The City is working with the Community Association to find a new location for the Signal Hill community sign. The City is removing it in February and it will remain in storage until a new location is found.
- A construction site trailer is moving to the future Sirocco Station Park and Ride area in February.

The design builder will use the field and parking area to construct the Westbrook Station and LRT tunnel.
